

## **WYNN honored with eSchool News 2003 Readers' Choice Awards for Best Language Arts Software in grades 9-12.**

Palo Alto, CA -- September 4, 2003 -- Freedom Scientific's Learning Systems Group, the creator of innovative software for individuals with learning disabilities and reading challenges, announced that WYNN has been chosen as the Best Language Arts Software for grades 9-12 by eSchool News online poll. WYNN also received honorable mention for Best Language Arts Software in grades 4-8.

eSchool News Online began its online poll in July of 2003. It asked readers to nominate their top choice in K-12 school-curriculum software for a variety of subjects. The results were published in the September 2003 issue of eSchool News Newspaper.

"We are always excited to hear how WYNN improved people's learning. To know that our customers nominated WYNN for Best Language Arts Software in grades 9-12, shows their strong commitment to the product and its educational principles." said Roberta G. Brosnahan, VP and General Manager of the Learning Systems Group.

### **About WYNN**

WYNN, acclaimed for its easy-to-use interface, has become an industry-wide solution for individuals who struggle with reading and writing. WYNN's bi-modal approach - simultaneous highlighting of the text as it is spoken - transforms printed text into understandable information that benefits readers of all ages. WYNN's four color-coded, rotating toolbars create a unique differentiator for this software solution. The simple point-and-click interface is extremely easy to use. The toolbars emphasize file management, visual and auditory presentation of text, traditional study tools, writing aids and Internet use.
