

Family of Handheld and Portable Video Magnifiers

Vibrant images, crystal clear text

RUBY video magnifiers provide the help that many people with low vision need to read text and see details, including photos, letters, and more.

The handheld RUBIES are small enough to fit in a purse or coat pocket—perfect for individuals who prefer a portable magnification solution.

Use the RUBY right out of the box! Users benefit from its intuitive controls, built-in LED lighting, as well as its ergonomic and lightweight design.

Empowering Independence.

The RUBY family of handheld and portable video magnifiers offers an array of options to suit your needs, from the pocket-sized RUBY to the easy-to-transport RUBY 10.
